

ST. FRANCIS SCHOOL

Koramangala, Bengaluru – 34.
(Affiliated to CISCE, New Delhi)

Dt: 08/02/2024

NOTICE FOR CLASS VIII

We at St Francis ICSE have decided to expand the options that our students have, in choosing the subjects in grade 9. Along with the option of “**Environmental Science**” that was introduced couple of years ago, we are happy to expand the subject options that include **Commercial Studies** for the academic year (2024-2025).

Introduction of Commercial Studies, focuses on business operations, entrepreneurship and the intricacies of the commercial world. The subject provides a comprehensive foundation for students fostering critical thinking and preparing them for diverse career paths in business, finance and beyond.

The introduction of Commercial Studies for class 9, besides providing another option from Group II, will equip students with financial literacy essential for success in various professional paths. It will no doubt enhance their understanding, making learning engaging and applicable beyond the classroom.

Please login(<https://cisce.org/regulations-and-syllabuses-2026/>) to refer syllabuses.

Note: Please choose the subjects wisely and tick the option selected under each Group given in the attached form and handover the same to the class teacher by 12TH FEBRUARY 2024.

For any further clarification you can meet the Academic Supervisor.
