“Twenty years from now you will be more disappointed by the things that you didn't do than by the ones you did do. So throw off the bowlines. Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover”.

- **H. Jackson Brown, Jr.**

Dear Parents,

Greetings from St. Francis School !

Reflecting on the above quote, you must have realized that complete education can never be contained just in binding of books; it has to be enhanced by experiencing new ideas, places, cultures, civilizations and meeting new people as well. In the endeavour of providing the utmost quality of education to your ward, St. Francis School is happy to announce that, it would like to offer our students a *Space Programme*, an educational and cultural tour to USA, organized at Kennedy Space Center, Florida, USA. It's a once-in-a-lifetime opportunity to work alongside the world's best scientists, astronauts and engineers at *NASA's Kennedy Space Center* in USA, and other leading organizations of international repute.

The Programme which is meticulously researched and well-crafted offers an Educational exposure for young learners. It would help redefine the knowledge ecosystem by enhancing effectiveness through state-of-the-art solutions enabling a young learner to broaden her/his horizon.

Please find more details about this programme alongside this circular.

So dear parents, we look forward to your young learner to be a part of this programme to explore, dream and discover!

With best wishes,

Principal

Flagship Space Program

An educational and cultural tour to USA, organized at Kennedy Space Center, Florida, USA (12 days program)

- This 12 - day program consists of a 2-day course at the Kennedy Space Center, the launch pad of NASA, which includes Astronaut trainings, lectures and demonstrations from scientists and astronauts, activities on rocketry and space science, guided tour of NASA and knowledge opportunities in the field of Astronomy worldwide. This visit will offer enthusiasts their 'Giant Leap for Mankind' moment in traversing the corridors once embraced by space science stalwarts.
- A cultural tour to Orlando, the largest tourist destination of USA, where your child will visit Universal Studios, Sea World, Wal-Mart and many more. Students will also be visiting New York, Harvard University visit, MIT Program, Niagara Falls and Boston within this trip.
- The experience is enhanced by visits to the world's most renowned theme parks such as the Universal's Island of Adventure (or Disney's Magic Kingdom), and Sea World. Students are exposed to the art of animation and valuable lessons about the Arctic/Antarctic life in these most visited places of the world, while at the same time meeting their childhood dream characters in these theme parks.
- Young learners will be then frequented with the nerve centers of US Economy with guided tours to New York (the Liberty Island, Empire State Building or One World Observatory, Times Square) and Washington DC (Lunch at the US Capitol, visit to Library of Congress, Smithsonian Museums).
- The quest in the pursuit of leadership in the field of cutting-edge research is realized in Boston where young learners may visit the prestigious Massachusetts Institute of Technology (MIT) and the world-renowned Harvard University.

Tour Itinerary

The tentative schedule of the tour will be in September/October 2024. The exact dates will be intimated in due course.

Day 1 : Departure from Bengaluru
