PROSPECTUS

Empowering to Lead...

www.stfrancisschoolicse.com

office@stfrancisschoolicse.com

Our Vision

To facilitate a conducive environment for joyful learning and holistic growth; imparting and upholding Franciscan values of Love, Peace and Justice. To foster Moral, Cognitive, Physical and Social growth of Francisians.

Our Mission

To make St Francis School ICSE a home away from home, engaging, moulding and equipping the young minds to meet the challenges of tomorrow. To nurture a generation of Future-ready Leaders that is harmonious with self and the world around.

Empowering to Lead...

A WARM WELCOME

At St. Francis School, we believe that education is much more than academic learning. It is a journey that shapes character, nurtures values and inspires every individual to discover their unique potential.

Since our founding in 2000, we have remained committed to creating a compassionate, enriching and inspiring environment where every child feels valued, supported and encouraged to grow.

This prospectus offers a glimpse into the life, learning and opportunities at St. Francis School. We invite you to explore our programmes, facilities and community, and to join us in our shared vision of nurturing confident, kind and responsible individuals who contribute positively to a brighter tomorrow.

We look forward to welcoming you to the Francisian Family.

Every journey begins with possibility.

ST. FRANCIS INSTITUTIONS

A CONTINUUM OF LEARNING

St. Francis Institutions, Koramangala, offer an integrated educational journey from Nursery to Degree, fostering learning, growth and excellence at every stage. United by shared values and a commitment to holistic development, our institutions provide supportive environments where learners can explore their interests, build their strengths and move forward with confidence.

**ST. FRANCIS SCHOOL
CISCE**

Established in 2000, the school provides a caring, secure and value-based environment that supports every learner's growth.

**ST. FRANCIS HIGH SCHOOL
SSLC**

Established in 1990, the school follows the Karnataka State Syllabus, providing quality education, values and holistic development.

**ST. FRANCIS PU COLLEGE
PRE-UNIVERSITY**

Established in 2001, the college offers programmes in Arts, Commerce and Science, empowering students for the next stage of their journey..

**ST. FRANCIS COLLEGE
DEGREE**

Affiliated to Bengaluru City University, the college offers diverse undergraduate and postgraduate programmes across multiple disciplines.

OUR EDUCATORS

THE HEART OF EVERY LEARNING JOURNEY

Our educators are more than teachers; they are mentors, guides and role models who help shape each child's academic journey and personal growth. With dedication, care and a shared commitment to excellence, they create a learning environment where every student is encouraged to explore, grow and realise their potential.

SPACES TO LEARN, CREATE AND GROW

WHERE LEARNING COMES ALIVE

Thoughtfully designed environments play an important role in a child's school experience. From spaces that inspire creativity and discovery to those that encourage exploration and play, St. Francis School provides an environment where every learner can grow with confidence.

Our facilities support hands-on learning, independent thinking and meaningful experiences beyond textbooks. Each space is created to encourage curiosity, collaboration and the joy of learning.

*Explore

Collaborate
Grow*

A space for music and creativity

A modern, soundproof music room with a dedicated recording space, giving students an inspiring environment to explore, practise and create.

Safe Spaces to Play

A cheerful and secure play area for our youngest learners, designed to encourage play, exploration, and social development.

Technology & Innovation

Our Computer and Robotics laboratories foster experiential learning, enabling students in building essential technological skills for a rapidly evolving world.

Science & Discovery

Well-equipped Biology, Chemistry and Physics laboratories provide students with opportunities for hands-on experimentation, observation and exploration, bringing scientific concepts to life.

Montessori Learning

Montessori activities encourage young learners to explore, discover and learn independently, complementing their academic journey with meaningful exploratory learning.

THE EARLY YEARS

EXPLORE | LEARN | GROW

A warm and nurturing beginning where every child is encouraged to learn, discover and build confidence.

Montessori

Senior KG

*Strong foundations
for a brighter tomorrow.*

Sports encourage teamwork, discipline and perseverance while helping children develop confidence and a love for being active.

Hands-on activities encourage children to explore, experiment and develop problem-solving skills through creative thinking.

Creative activities help children discover new ways to use everyday materials while developing imagination and an awareness of responsible choices.

Children learn to care for the environment through activities that encourage them to value nature, save water and protect our planet.

A variety of singing, dancing and performance opportunities allow every child to discover their talents, express themselves and enjoy being part of a team.

Learning through tactile experiences give children opportunities to create, explore textures and develop concentration, coordination and creativity.

LIFE AT ST. FRANCIS

MORE THAN JUST A SCHOOL DAY

At St. Francis, every day is a blend of learning, exploration, creativity and connection. Students are encouraged to discover new interests, develop their strengths and build confidence through a variety of experiences.

From the classroom to the playground, from creative pursuits to hands-on activities, every experience contributes to making school life meaningful, engaging and enjoyable.

Guided by caring teachers, our students develop the skills and values they need for a bright future. Every child is encouraged to explore their strengths, build confidence, and grow into a responsible, thoughtful individual.

From team sports to individual pursuits, we encourage an active lifestyle that builds discipline, teamwork and resilience, helping students grow stronger both physically and mentally.

Our youngest learners discover, create and grow through purposeful play and joyful learning experiences that encourage curiosity, imagination and social development.

Interactive classrooms and technology-enabled teaching make learning meaningful, engaging and exciting for every student.

Yoga and mindfulness help students stay healthy, focused and positive, nurturing balance and well-being in both body and mind.

Practical learning in our laboratories helps students explore, question and understand the world around them.

Dance and performing arts provide students with opportunities to express themselves, explore their creativity and develop confidence.

Physical activities help students develop coordination, balance, confidence and healthy habits that support their overall growth.

From games to group activities, there are many pathways to collaborate, connect and simply enjoy being together.

NCC

DISCIPLINE TODAY FOR A STRONGER TOMORROW

The National Cadet Corps (NCC) at St. Francis School nurtures discipline, leadership, teamwork and a spirit of service among students. With both Army and Air Wings, cadets develop confidence, responsibility and resilience through regular training, camps and community activities. The programme provides opportunities for students to challenge themselves, work as a team and develop practical skills in leadership and responsibility. Through these experiences, cadets learn to step beyond their comfort zones, face challenges with determination and grow into responsible, confident and self-disciplined young citizens.

MUN

BUILDING CONFIDENCE - BROADENING PERSPECTIVES

The Model United Nations (MUN) programme gives students a platform to explore global issues, develop critical thinking and strengthen communication skills. By taking on the roles of diplomats, students learn to research, debate, listen to different perspectives and work collaboratively towards meaningful solutions. Through this process, they also learn to prepare position papers, negotiate with peers and think on their feet in fast-moving discussions. MUN builds confidence, leadership and a broader understanding of the world, encouraging students to become informed, engaged global citizens.

Global perspectives. Stronger leaders.

SCIENCE CLUB

EXPLORE | EXPERIMENT | INNOVATE

The Science Club provides a platform for curious minds to explore, experiment and deepen their understanding of the world around them. Through activities, competitions and interactions with experts, students develop scientific thinking, observation skills and a spirit of innovation.

Our annual Inter-School Science Conference brings together students from schools and colleges for engaging sessions, practical demonstrations and discussions on contemporary scientific topics. The 2026 conference featured experts from leading scientific institutions and included an international perspective in its programme, reflecting the school's growing engagement with the wider scientific community.

CMCA

CHILDREN'S MOVEMENT FOR CIVIC AWARENESS

The CMCA programme encourages students to understand their role in society and to become responsible and active citizens. Through discussions, activities and real-world experiences, students learn about civic issues, leadership and the importance of contributing positively to their community and environment.

CELEBRATING CHAMPIONS

FROM THE PLAYING FIELD TO BIGGER POSSIBILITIES

Sports provide an important avenue for students to develop discipline, teamwork, perseverance and the confidence to challenge themselves. Recognising the importance of sport in a student's overall development, the school provides opportunities, facilities and encouragement for students to pursue a wide range of sporting disciplines and develop their abilities. Our students have distinguished themselves at regional, state, national and international levels, reflecting their dedication, hard work and commitment to excellence.

The achievements featured here are only a selection from the many successes of our students. Each reflects individual dedication and collective effort, and we take pride in every Francisian who participates, competes and strives for excellence.

CELEBRATING EXCELLENCE

LEARNING, EFFORT & ACHIEVEMENT

Our students enthusiastically participate in a wide range of regional and national competitions, demonstrating confidence, talent and a spirit of excellence. These experiences help them develop important skills, explore their interests and gain exposure beyond the classroom.

Gouri B Jayaraj secured a Bronze Medal at the National Level in the ebek Readathon and emerged as the South Zone Topper with a score of 99.06%.

Nyas Sumandhan secured 1st Place at the SpellBee State Competition.

Adya Shekhar secured 1st Place at the Inter-school Reading Competition.

Sandie Mariya Jayan was awarded Best Speaker at the English Inter-School Debate Competition.

Tejasvi K secured First Prize at the Zonal Science Talk Competition.

*Every competition is a step forward
in a larger journey of learning.*

ISC PROGRAMME - CLASSES XI-XII

PREPARING FOR HIGHER GOALS

The ISC Programme offers students well-defined pathways in Science and Commerce, with subject combinations designed to support diverse academic interests and future aspirations. English and SUPW are compulsory subjects for all, ensuring a strong foundation in language and life skills alongside specialised study.

The programme encourages analytical thinking, conceptual understanding and independent learning, preparing students for higher education and a wide range of career pathways.

Recognised by universities in India and abroad, the ISC Programme equips students with the knowledge, confidence and skills to succeed in a competitive and ever-changing world.

Why choose ISC at St. Francis?

FOCUSED PREPARATION

Subject combinations to suit different interests and future plans.

PERSONAL GUIDANCE

Support to help students prepare for higher education and future choices.

PRACTICAL LEARNING

Projects, laboratory work and experiences that connect learning with real-world application.

Science

- PCMB** — Physics, Chemistry, Maths & Biology

- PCB P.Ed** — Physics, Chemistry, Biology & Physical Education
- PCM Eco** — Physics, Chemistry, Maths & Economics

Commerce

- EEBA** — Entrepreneurship, Economics, Business Studies & Accountancy
- BEACs** — Business Studies, Economics, Accountancy & Computer Science

NATIONAL INSTITUTE OF OPEN SCHOOLING - NIOS

A FLEXIBLE PATHWAY TO RECOGNISED EDUCATION

The National Institute of Open Schooling (NIOS) provides a flexible, student-centered pathway to a recognized Secondary qualification for Grades 9 and 10. As a national board operating under the Ministry of Education, Government of India, its certificates are fully equivalent to those of other national boards, ensuring smooth transitions toward higher education and competitive examinations. The NIOS framework allows learners to balance academic achievements with their individual interests, commitments, and learning paces, significantly reducing traditional exam pressure.

The NIOS department at St. Francis offers a carefully curated subject combination featuring English, Business Studies, Economics, Data Entry Operations, Home Science, and Painting designed to deliver a balanced mix of academic rigor, practical life skills, and creative expression.

To ensure holistic development, the program integrates graded subjects such as Artificial Intelligence, Functional Mathematics, and Music, equipping learners with future-ready skills. NIOS students at St. Francis participate actively in all school events and extracurricular activities while benefiting from flexible exam schedules i.e bi-annual board examination to clear subjects in phases.

The NIOS pathway offers:

- Flexible learning at the student's own pace
- Choice of subjects according to individual interests
- No compulsory second language
- Tutor Marked Assignments (TMAs) supporting continuous learning
- Flexible examination schedules, allowing subjects to be taken in phases
- Two examination opportunities in a year
- An approach that can help reduce academic and examination pressure

Subjects Offered

English
Home Science
Economics
Business Studies
Data Entry Operations
Painting
Functional Mathematics
Artificial Intelligence
Music

Learn at your pace, choose your path, and achieve your goals .

CENTRE OF EXCELLENCE - COE

STRENGTHENING TEACHING. ENRICHING LEARNING.

The Centre of Excellence (CoE) is dedicated to strengthening teaching quality, monitoring student learning and progress, and supporting effective instructional practices across the school. It plays a key role in fostering a culture of continuous professional growth and academic improvement.

Through faculty development programmes, classroom observations, mentoring, collaborative planning, consistent assessment and the sharing of effective teaching practices, the CoE supports teachers in refining their instructional approaches and helps them to respond effectively to the diverse learning needs of students.

By promoting reflection, collaboration and evidence-informed practices, the CoE helps create a focused, consistent and responsive learning experience across classrooms. It is an important step towards continually enhancing teaching and learning, ensuring that every student receives the guidance, support and opportunities needed to learn, grow and achieve their potential.

*Excellence grows when talent is given the
opportunity, guidance and space to flourish.*

CO-CURRICULAR ACTIVITIES

WHERE LEARNING MEETS FUN AND NEW EXPERIENCES

Co-curricular activities give students opportunities to discover new interests, develop their talents and build skills beyond academics. From music, dance and creative arts to technology, chess and sport, students can explore a variety of activities in a supportive environment.

Our programmes are guided by experienced teachers, specialist instructors and accomplished coaches, helping students develop their skills, confidence and discipline.

SUMMER CAMPS

Our Summer Camps bring together learning, creativity, activity and fun during the holidays. Children can explore sports, music, dance, art, technology, cooking, chess, mathematics, theatre and more in an engaging environment where they can learn new skills, make friends and enjoy experiences beyond the regular school routine.

OUR ADMINISTRATION TEAM

SUPPORTING EVERYDAY SCHOOL LIFE

Our administrative team plays an important role in ensuring the smooth functioning of the school, providing assistance to students, parents and staff. From admissions and communication to day-to-day coordination, they help create an organised and welcoming school environment.

With professionalism, care and a commitment to service, our administrative staff work together to ensure that the many aspects of school life run efficiently and that parents and students receive the support they need.

SCHOOL TRANSPORT

Our school transport service provides safe, reliable and comfortable travel to and from school. With GPS-enabled buses, trained drivers and female conductors accompanying students, we ensure that every journey is well supervised and secure.

We prioritise the comfort, convenience and well-being of our students throughout their daily commute.

Some kids are smarter than you,
Some kids have cooler clothes than you,
Some kids are better at sports than you,
It doesn't matter.

You have your things too.

Be the kid who can get along,
Be the kid who is generous,
Be the kid who is happy for others,
Be the kid who does the right thinking.

BE THE NICE KID.
BE A HUMBLE FRANCISIAN.
