## STORY TELLING COMPETITION 2023 – 24 [ Report]

### Class 1 and 2

“Stories are a medium where one travels into many different worlds to witness and experience the metaphors of life.”

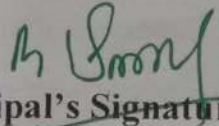

St. Francis School has always encouraged our students to exhibit their potential through various talent search platforms. One such platform for the academic year 2023-24 was the Story Telling competition organized by our primary block class 1 and 2 on 14<sup>th</sup> September 2023.

We were amazed at how our little ones turned out to be such exceptional oral narrators. The presentations with colorful props, valuable information, humorous and thoughtful messages kept our audience attentive, thrilled and entertained. The young storytellers moved everyone’s heart and were applauded profoundly. This competition helped students to improve on their speaking skills and build their confidence.
