REPORT ON GROUP RHYME COMPETITION AND GRAMATICA

Group Rhyme Competition plays a significant role in shaping and motivating the little ones to perform to the best of their capabilities and learn varied skills that aid their all-round development.

A group rhyme competition was held on 1st, and 6th September 2023, for the Nursery, Montessori, and Junior K.G students and a Gramatica competition on 4th of September 2023, for our Senior K.G students at our Pre-Primary block.

The group rhyme competition helps children to experience the rhythm of a language. As they recite nursery rhymes, they learn to speak with voice modulation, expressions, confidence, and actions.

The Nursery and Montessori tiny tots performed various rhymes which were full of action, colorful props and not theme based, while the Junior K.G students performed and recited rhymes which were different theme based, allotted to each section. It was a treat to watch the little children all decked up with appropriate props as they shared a few lines with all their heart. The confidence shown by each during the competition was commendable.

The students of Senior K.G. during their Gramatica competition, had a great opportunity to learn grammar like, opposites, use of 'a' or 'an', position words, action words, like "this" and "that", "one" and "many" through skits and songs. Children learnt these topics in a fun filled way.

All the above competitions were judged by various teachers and educators from our school, who awarded each group a first, second and third place in the form of a certificate.

A special thanks to our Principal Rev. Brother Antony, our Pre Primary coordinator, Mrs. Sonia, all the distinguished judges, who took time out and judged our event. A heartfelt gratitude to our entire Pre-Primary teachers for motivating and guiding all the students of each group to present themselves with confidence. Last but not the least, a big thank you to our helping staff for their unconditional support and help throughout.
