Report on Pot Making Activity

Pottery, one of the oldest and most widespread of the decorative arts, consisting of objects made of clay and hardened with heat.

Pot making activity was conducted at St Francis School CISE

Pre-Primary Block

Pot making activity was held on

28/8/23-for Montessori 1,2,3 Nursery and Senior KG

30/8/23-for Junior KG and Senior KG

The potter with his wheel and clay made Piggy Bank in the shape of Pumpkin.

Each child got an opportunity to touch, feel and make the pots using the mud clay.

This activity helped the children use their fine motor skills and also develop their brains, problem solving and creativity.

The smiles on the faces of the children showed that they really enjoyed this activity.

The pots will be later baked and then the children will paint them.
